Paula,

Ex. 4 - CBI and I would like to visit with you about the CWA Sec. 308 Information Request sent to XTO Energy concerning "A 13,000 gallon hydraulic fracturing fluid spill". We have been working with the Pennsylvania Department of Environmental Protection and have submitted a Corrective Action Work Plan to them. If you would e-mail us with a time you would be available, we'll set up a conference call to visit about the spill and our response. Thanks.
